Reclaiming Our History Bursary

The Residential School Survivors

Bursary Value: \$ 1 000.00

In 2004, members of the Norway House Cree Nation's Residential School Survivors Group were able to secure funds from the federal government to establish a bursary for graduating students. The Survivors felt that it is important that the new generation be given support to help Aboriginal people reclaim their own history to help build a healthy future.

The Reclaiming Our History Bursary is designed to acknowledge a First Nations student whose character, accomplishments and lifestyle embody traits of survivorship, honour and respect for culture and an understanding of community, while still achieving an acceptable academic standing.

Eligibility:

Due to the interpretative nature of these criteria, a number of guidelines are offered, with the understanding that character also has many intangible qualities which may be more difficult to define such as:

- Significant improvement in academic standing from Grades 9 to Grade 12.
- Demonstrated commitment in the face of personal challenges.
- Participation in cultural or community activities.
- Stewardship and support of fellow students and the community.
- Demonstrated awareness, honour and respect for others.

Application and Selection Process:

For this year, the Norway House School Authority and the Residential School Survivors Group defers the selection of the suitable student to academic and support staff of Helen Betty Osborne Ininiw Education Resource Centre but would ask for a brief profile on the student before the awarding of the bursary.

Note:

The awarding of this bursary is contingent on the student being accepted into and attending a post-secondary education program (university, college, trade or technical) in the next academic year.

The bursary will be awarded in two parts, in September and January, dependent upon academic status.

Application Deadline: Tuesday, June 13th, 2023 @ 3:00 pm
